Married	964	686	71.2	92,090
Other	700	399	57.0	59,360
<b>Birthweight</b>				
Low (<2,500 grams)	405	248	61.2	10,624
Normal (>=2,500 grams)	1259	837	66.5	140,826

\*Illinois PRAMS 2012 data was collected for ten months rather than the usual 12 months due to a change in CDC software. Data was weighted and is representative of the 12-month PRAMS eligible population

\*\*Weighted estimate in the PRAMS eligible population of Illinois resident women, age 14 years or older, who gave live birth in Illinois. Total weighted estimates for some characteristics may not equal the total weighted estimate for the "All" population due to incomplete data for those characteristics.
